- Advanced Management Portal
- Online Reporting

nexVortex is a premier Internet Telephony Service Provider. We specialize in delivering high quality Voice over IP communication services to small and medium sized businesses using SIP Trunking.

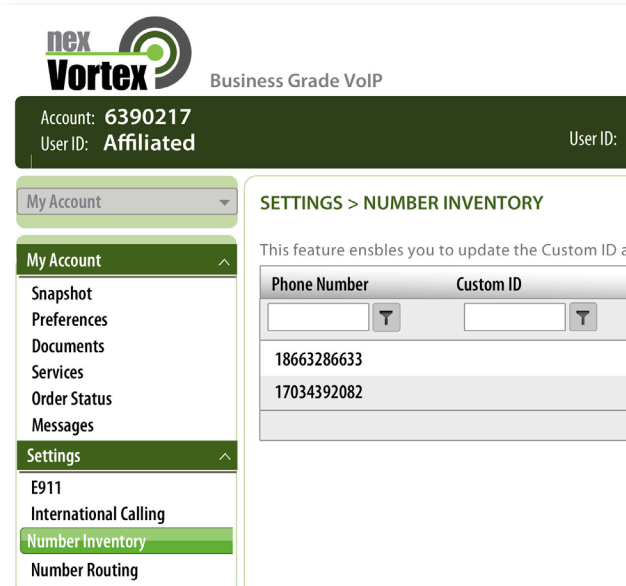

SIP Trunking is easy to setup, transparent to end users, saves money and gives you greater control over your communication services. It's a powerful solution that can maximize the investment of your IP-PBX.

nexVortex's SIP Trunking service gives you the ability to make outbound calls anywhere in the world, receive phone calls using both standard phone numbers and tollfree numbers and place emergency calls to the local emergency center. With this combination, users can replace their traditional analog or PRI circuit connections with a single internet connection. Switching to SIP Trunking typically saves up to 50% over traditional telecom costs.

Flexible Billing Plans

We offer flexible billing plans designed to match your requirements. Our most popular plan, the Business Elite, includes five telephone numbers and 5,000 minutes of outbound calling over multiple speech paths. We can also customize a plan, tailored to your needs. Custom plans can be created for high-volume users, call centers, auto-dialers, multi-site users, or for application-specific needs. Additional phone numbers and toll-free numbers can be added to your account at any time. If you ever need to change your plan, simply visit our website and switch. It's that simple.

	BEST VALUE	Monthly Small Business Billing Plans	
	Business Elite	Business Pro	Metered
Call Paths	Unlimited	Unlimited	Unlimited
Outbound Calling	5000 Minutes*	2000 Minutes*	500 Minutes**
Inbound Calling	Softcap/ 5000 Minutes	Softcap/ 2000 Minutes	500 Minutes**
Numbers Included	5	1	1
E911	Yes	Yes	Yes
Disaster Recovery	Included	\$10	\$10
Monthly Price	\$100	\$40	\$25

Custom pricing plans are available for call centers, multi-site and larger minute-user customers.

OVERAGE CHARGES

- * Outbound Calling for Business Elite and Business Pro is billed at 3.5 cents/minute
- ** Metered Outbound and Inbound Calling is billed at 2.5 cents/minute.

With nexVortex's SIP Trunking service, you will have access to an **Advanced Management Portal**. Through this portal you will be able to manage every aspect of your account. Everything from ordering numbers to setting up auto-detecting disaster recovery preferences to changing billing plans and reviewing real-time billing statements. It's all there in a simple, secure, easy-to-use interface.

At nexVortex we are passionate about what we do. We have deep SIP technology knowledge and in 2005 we were one of the first in the industry to launch a business grade SIP Trunking service. Our customers have demanded the highest levels of service quality and customer care. We have exceeded their expectations.
