

## **InterDev Opens Chicago Office in Glenview, Illinois**

**ALPHARETTA, GA – December 3, 2013** – InterDev, an Atlanta-area provider of information technology and security services, today announced it has opened a full-service, satellite office in Glenview, a thriving suburban community of 45,000 residents located 18 miles northwest of downtown Chicago, Illinois. From the office, InterDev will service public, private and non-profit sector clients in the area.

“InterDev is growing rapidly, and we are bidding on a number of IT contracts in the Chicago area, including the northwest suburbs,” said InterDev CEO Gary Nichols. “Opening a Glenview office was a logical step that enables us to provide our Illinois clients with the service excellence on which we built our reputation.”

The new office is located at 2700 Patriot Boulevard, Suite 250, Glenview, Illinois. From there, InterDev will provide its full complement of IT services, including proactive, managed network, infrastructure and desktop monitoring and support, IT security, IT planning and procurement, and more. So successful has InterDev’s foray into the Chicago market been that the company doubled the size of its office space shortly after opening the office.

“Chicago is a vibrant, energetic city filled with companies and individuals that appreciate the value of robust, world-class IT service, and Glenview is a dynamic business center in its own right,” said Nichols. “We are proud to name Chicago—through its ‘neighbor,’ Glenview—as one of our office locations, along with Jacksonville, Florida and our home office in Atlanta.”

### **About InterDev**

For more than 30 years, InterDev has provided professional Information Technology (IT) services and support for emerging organizations across the U.S. In addition to managing and hosting IT operations for its valued clients, InterDev also provides leading edge IT security solutions -- based on technologies from Palo Alto Networks, Enterasys and Dell SecureWorks -- as well as telecommunications consulting including VoIP phone systems, and voice and data circuits. InterDev is a proud Microsoft Gold Certified Partner and Barracuda Networks Certified Diamond Partner. InterDev serves customers from offices in Atlanta, Chicago, and Jacksonville, Florida.
