

InterDev Recognized by Atlanta Business Chronicle with 2013 Pacesetter Award

Named One of the Fastest Growing Companies in Atlanta

ALPHARETTA, GA – **June 14, 2013** – InterDev, an Atlanta-area provider of information technology and security services, today announced it was named a 2013 Pacesetter by The Atlanta Business Chronicle. The designation was awarded to the 100 fastest growing privately held companies in Atlanta.

"This award serves as great recognition of the work our staff has done in growing both our public and our private sector businesses," said InterDev CEO Gary Nichols. "Our new Public-Private Partnerships with the cities of Sandy Springs, Dunwoody and Brookhaven have been a key driver of our public sector growth while our growing security practice has helped protect our existing midmarket customers and attract new clients and opportunities across the southeast region we serve."

In order to qualify for the Pacesetter Award, companies must have at least a 50 percent growth in sales for the past two years with revenues between \$1 million and \$300 million in 2012. Companies were selected using a growth index formula that measured growth in revenues and number of employees. Winners were announced at a sold out breakfast at the Cobb Galleria on Friday, April 26, 2013.

About InterDev

For more than 30 years, InterDev has provided professional Information Technology (IT), support and security services for emerging organizations, government entities and municipalities across the Southeastern U.S. In addition to managing and hosting IT operations for its valued clients, InterDev also provides Geographic Information Services (GIS), custom application development services using Microsoft .NET and SharePoint as well as telecommunications consulting including VoIP phone systems, and voice and data circuits.
